

# NAMPHARM FOUNDATION

*Hand in Hand in Hope*

Newsletter

April 2024

## We have updated our mission and vision!

### Mission:

To provide free world class holistic care for Namibian children born with facial deformities.

### Vision:

We believe every Namibian child born with facial deformities has access to safe, high-quality, comprehensive care and can live a full and healthy life and be fully integrated into society.

We are very excited to announce that Dr. Joggie Briedenhann has joined our team! With our first patients going into their teenage years, we have realized that orthodontic care is needed as one of the final steps to finish their journey with us!

We had our second handover with NAMDIA Foundation, where they availed N\$250,000 towards the Nampharm Foundation, ensuring that we can offer at least 10 children's surgeries this year.

### FOR DONATIONS AND SPONSORSHIPS

You can make donations through GivenGain and PayToday or visit our website for more details.
